This is a visual guide to fashion hair styles. Illustrating the latest trends in men's and women's hairstyles, "I Love Fashion Hair" celebrates the cult of caring for your look and standing out from the crowd! The inventiveness and creativity of stylists has developed with astonishing speed over the past few years, and the so-called global individualized look has risen to the point where the way of styling one's hair reflects a philosophy of life. In taking a look at the latest trends covering all types of hairstyles, we discover cutting-edge and modern looks, not to mention daring and fun ones too. And by travelling to different cities - home to the best stylists of the moment - we map a varied and fascinating route around the latest ideas from international stylists, including: Patrick Cameron, Essensuals Evolution, Toni & Guy, Trevor Sorbie, and more.
